

Citrosan

CLEANER, DISINFECTANT, & DEODORANT

DESCRIPTION

- **CITROSAN DISINFECTANT** is a premium grade disinfectant which passed disinfectant tests at a dilution rate of 1 part to 60 parts water. The inclusion of surfactants, emulsifiers, and wetting agents give excellent cleaning power at a neutral pH.
- **CITROSAN** is suitable for cleaning, disinfecting and deodorising all hard surfaces such as toilets, wash rooms, floors, walls, sinks, urinals, showers, change rooms, rubbish bins, bars, drains and garbage disposal areas.
- **CITROSAN DISINFECTANT** provides a persistent pleasing residual odour.
