

FLEET WASH

VEHICLE EXTERIOR WASHING DETERGENT

DESCRIPTION

- FLEETWASH is a balanced blend of surfactants and wetters to remove road soilage from motor vehicles, trucks and machinery.
- FLEETWASH is a golden liquid with good foaming characteristics and cleaning power
- FLEETWASH has a neutral pH and will not harm paintwork or streak when used as per directions.

APPLICATION

Manual Cleaning

Add 1/2 cup (100ml) per ten (10) litre bucket of cold or hot water for manual washing. Apply the solution by sponge, brush or cloth. Agitate in a circular motion when washing. Rinse off with water and chamois dry.

Pressure Cleaning

For automatic or spray pressure cleaning, dilute the product 1 part to 3 parts water and then add the solution to the auto system or pressure cleaner.Â Spray onto the surface, agitate and rinse off.

WARNING

Avoid eye contact.

FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre. PH 13 11 26. If swallowed do not induce vomiting, give a glass of water and seek medical advice. If skin contact does occur remove contaminated clothing and wash thoroughly with water. For eye contact, irrigate with water for 15 minutes and if irritation persists seek medical advice.

PACKAGING
