

BEAM

AUTO GLASSWASHING DETERGENT

Description

BEAM is an alkaline liquid detergent formulated for use in all glass washing machines. BEAM is a low foaming detergent with the ability to remove stains and bring the glasses back to sparkling condition, even in harsh water conditions.

Benefits

- ✓ Formulated to prevent scale build up and discolouration on glasses.
- ✓ Drying agent added to assist the fast shedding of water to give sparkling glassware.
- ✓ Low foaming formulation leaving glasses clean and free of residue.
- ✓ Super concentrated and economical to use.

Where to Use

Automatic glass washing detergent

Directions

BEAM is best dispensed through Challenge Chemicals Australia control dispensing equipment. Contact our sales team for details of dispensing systems.

First Aid

If poisoning occurs contact a doctor or poisons information centre. PH 13 11 26. If swallowed do not induce vomiting, give glass of water and seek medical advice.
